

Worry Log & Analysis Worksheet

Track, Analyze & Challenge Anxious Thoughts

Use this log to track worries as they arise. Over time, you will notice patterns and learn that most worries do not come true. Rate likelihood 0-100%.

Name: _____ Week of: _____

Date/Time	Worry/Trigger	Likelihood (0-100%)	What Actually Happened	Coping Strategy Used

Worry Analysis & Reflection

What percentage of my worries actually came true this week? _____%

What was my most frequent worry topic?

Which coping strategies were most effective?

What patterns do I notice in when/where my worries are strongest?

If I could tell my worried self one thing, it would be:

One thing I want to do differently next week:

Remember: Research shows that 85% of what we worry about never happens, and of the 15% that does, 79% of people handled it better than expected.

— Leahy, 2005
